MANAGER NOTES

NEAL ARDLEY

Good afternoon and welcome back to the National League action here at the Laithwaite stadium.

I extend a warm welcome to Mark Hughes and all the staff, players and supporters from Carlisle.

Pre season is always a time to try and sow the seeds for a long season ahead and hopefully we have learned a lot from our games and created team spirit as well as our fitness. I'd like to say how good it is to have Jake

Hyde and Craig Ross added to the staff, they have been real assets along with Kevin and Connor in analysis.

We hope you have a great day and enjoy the new facilities available and thank you for the ongoing support you give us.

You will be vital in helping us achieve our goals.

Together Stronger - we are Woking.

CEO NOTES

WELCOME

After what feels like a long wait, we're thrilled to finally kick off our National League campaign.

A warm welcome to the travelling Carlisle United supporters, we hope you enjoy your visit and take the chance to explore our latest stadium developments, with a range of food and beverage options available in the away fan zone.

For our home fans, we're delighted to see the stadium full once again, and don't forget, both our new home and away shirts are now available to pre-

order in the club shop.

Due to high demand, the Chris Lane Terrace will open slightly later than originally planned, but we're confident the atmosphere will be electric as we come together for what promises to be an exciting opening fixture.

Your support makes all the difference. Let's get behind the team and make this a memorable start to the season!

Together. We Are Woking.

IN SAFE HANDS

As a reminder, it is our goal to ensure that all supporters feel safe and welcome at the Laithwaite Community Stadium. To that end, on 11 December 2021, the Club launched the "In Safe Hands" programme to help our fans report racist, sexist, homophobic, or other abusive language simply and anonymously.

If you hear any abusive language, experience it yourself or if you or someone you see feels / looks threatened, you can text the Club anonymously and the message will be monitored by our Safety Officer during the match. Simply text WFC (followed by the nature of your concern and location) to 66777 and we will address your concerns. Example: If you hear racial abuse whilst sitting in the KRE, please send the following text to 66777: "WFC racial abuse centre section of KRE."

AHEAD OF THE GAME

Woking vs Carlisle

Enterprise National League

Saturday 9th August 2025

15:00 Kick-Off

The 2025/26 season is finally upon us. After a busy and exciting summer off and on the pitch, Neal Ardley starts his first full season as Woking boss with the visit of EFL stalwarts Carlisle United, who despite being the other end of the country and bordering Scotland, are bringing one of the biggest away turnouts we are likely to see this season in GU22.

Not since the summer of 2019 have Woking kept as many players in their ranks as Ardley, Simon Bassey and Jody Brown have managed to do this summer, with no fewer than thirteen of the squad returning after a successful end to the season. Joined by seven 'new' signings, including the returning Jake Hyde and Craig Ross as well as Chin Okoli after an amazing loan, the Cards will hope for a season to remember, and it starts this Saturday.

So if you haven't already, get your tickets on our new Fanbase website and come down to the Laithwaite for Woking's first opening day home game (with fans) since August 2017!

OPPOSITION WATCH

It was just over two years ago that Carlisle United were celebrating dramatic penalty success at Wembley against Stockport for a barely believable promotion to League One. Unfortunately, the last two seasons have been just as unbelievable for all the wrong

reasons, as back-to-back relegations ensued, meaning Carlisle start in non league for the first time since 2004. They will be hoping for an immediate bounce back and to stay just a year as they did back then, with Mark Hughes having a plethora of riches to choose from. The likes of Elliot Embleton, Charlie Wyke, former Card Terrell Thomas, David Ajiboye and most impressively of all, staving off league clubs to pick up Altrincham's Regan Linney, who bagged 23 in this division last season.

It isn't going to be straightforward business though; only Grimsby Town of the sides who got relegated from League Two have bounced straight back up since 2015, and the likes of York, Forest Green and Rochdale have all strengthened impressively, but in the experienced hands of Hughes, promotion by any means is the aim for Carlisle United.

AROUND THE GROUND

Gates will open at 12:30pm, but season tickets can be collected in the main car park from midday. The Chris Lane Terrace has been given entirely to Carlisle United fans as mentioned previously.

ONE TO WATCH

With 23 goals last season, Regan Linney is a favourite for the golden boot in a Carlisle team which should supply him with even more chances. In three games against the Cards, Linney has netted four times previously.

Developed by the Supporters Liaison Group within The Cards Trust, this fundraising initiative will be used by the trust to fund improvements to the spectator experience at the ground, as well as contributing to Boost The Budget and other initiatives to support Woking FC.

You can find out more about how to get your own plaque by visiting <https://www.cardstrust.co.uk/fanwall> (simple login-free access) or by speaking to any Cards Trust official at the game today.

Anyone can purchase a plaque, you don't need to be a member of The Cards Trust, but please consider joining to actively support your club. This is also a great way for anyone who cannot get to The Laithwaite Community Stadium themselves to show their ongoing support for the club.

SUPPORTERS LIASON GROUP (SLG)

The Supporters' Liaison Group is designed to act as the bridge between all Woking FC fans and Woking Football Club by: Providing communication channels for ALL supporters (whether or not members of the Cardinals Supporters' Society Ltd/Trust) to give constructive comments about issues relating to fan experience for the attention of senior staff and owners of the Football Club. Convening regular liaison meetings directly with senior staff and owners of the

ACADEMY

The Woking FC Academy has been operating in its current format for over a decade with the aim of helping talented young footballers make progress into the club's first team set up or in their sporting careers whilst continuing with their academic studies.

For the 2025/26 season, the youth and academy setup runs in three stages; a pre-academy for six to nine-year-olds, a youth academy for nine to 16-year-olds, and a full-time academy for talented young players above the age of 16, including an education plan.

The Academy works with the Football Club's partner charitable and community organisation, Cardinals in the Community (CITC).

Notable academy graduates in recent history include Woking legends Craig Ross and Joe McNerney, Wrexham's Ollie Palmer, and ex-Chelsea and now-Reading's Jayden Wareham.

PRE-ACADEMY

The Pre-Academy is for the very youngest players, covering U7s, U8s and U9s. Meeting once a week, players train and learn in a fun and friendly environment under the watchful eye of our coaches. Players that show real talent have the opportunity to progress to Woking FC Academy Youth.

The Pre-Academy trains at The Winston Churchill School in Woking, Thursdays, 17:00 - 18:00.

YOUTH ACADEMY

Starting with U9s and progressing through the age groups right up to U16s, players train with our Academy coaches and have the opportunity to play competitively in the Junior Premier League. Training is held twice weekly at CITC's sports hub, within the grounds of Woking College, and matches are played on Saturdays. At this level, players are able to continue playing for their grassroots clubs.

As with the main Academy, players receive a progress report twice per season, which helps identify areas of their game to work on and improve. U16s players are assessed throughout the season with a view to being invited to join Woking FC Academy.

WOKING FC ACADEMY

Woking FC Academy is a National League licensed academy. We aim to develop each and every player to reach their full potential, instilling ambition and a professional attitude. We work as closely as possible to Category 3 Academy standards, creating a professional environment in which players thrive.

Players train 5-6 hours per week at CITC's sports hub. Their development is supported by video analysis of training and matches, group workshops and strength and conditioning sessions. One-to-one reviews are held twice every season, along with player reports so that both the coaching staff and the players themselves have a clear focus on individual development.

Woking FC Academy plays competitive matches in the U18 Isthmian League, U19 National League and also have the opportunity to play in U23 fixtures. Players in our Elite Development Plan (EDP) compete in the Tactic League and National B League. Cup competitions are a feature of the fixture calendar. Pre-season training includes friendlies and there are opportunities to travel abroad for football tours and tournaments, including the Gothia Cup.

Our football timetable is planned in conjunction with players' education. Academy players can

choose to attend Woking College or focus on gaining the NCFE Level 3 Extended Diploma in Sport, which is delivered by SCL Education at Westfield FC. Players on the EDP pathway study towards the NCFE Level 3 Extended Diploma in Sport (equivalent to 3 A levels) with SCL.
