## MANAGER NOTES

# NEAL ARDLEY

### Good evening

Welcome to Sam Cox and everyone associated with Wealdstone Football Club.

Firstly, it's important to recognise we've had a tough week and the performances haven't been anywhere near good enough.

We have no excuses and as we know this league is unforgiving. We have to

respond in a positive way, and as we know there are no guarantees with results, but the work we put into our performance is vital to turn our form around.

Stick with us and help us through it.

# AHEAD OF THE GAME

## Woking vs Wealdstone

Enterprise National League

Tuesday 19th August 2025

19:45 Kick-Off

**T**wo sides with contrasting starts to the season do battle as Woking host Wealdstone on Tuesday night. After Saturday's unsuccessful trip to Scunthorpe, Neal Ardley will look to get a tune out of his squad to help kick start their season and build some confidence ahead of a busy Bank Holiday weekend.

The likes of Jack Turner, who made a positive impact off the bench at Scunthorpe, will hope for a start as Woking figure out their best starting eleven with key players yet to fire as they did last season, and they'll need some backing under the Laithwaite lights, so come and help the Cards get their first three points of the season.

### OPPOSITION WATCH

After their dramatic final day survival, the shock departure of Neil Gibson allowed Sam Cox to take the reins permanently, and despite being tipped by almost everyone to go down, the Stones have picked up back-to-back league wins sandwiched between a National League Cup victory.

Newly promoted Truro and a Halifax side firmly in transition might be a slightly nicer first two fixtures than Woking have had, but

with five scored and one conceded in two games, it's a dream start for Cox. Even Jack Cook is scoring goals from 25 yards out, as his sublime strike helped secure victory over 10-man Halifax.

With 15 arrivals at Grosvenor Vale, including Woking favourite Moussa Diarra, Cox's side have stolen a march on the rest of the pack that many tipsters imagine they will be in, as their low budget was cut even further this summer. Cox seems to have created a team together in unity, however, and they will come to the Laithwaite knowing that the pressure is firmly on the home side to get off the mark.

### AROUND THE GROUND

Gates open at 6:00pm.

Tickets are available [here](#).

### ONE TO WATCH

Sean Adarkwa is a fan favourite at the Stones, and got off the mark on Saturday as he aims to hit the ground running after a stop-start 2024/25 campaign. The former West Ham man hit double figures in his first full season, providing a focal point in attack.

## GOLDRUSH

## SOCIAL EVENTS AND VOLUNTEERING

The Trust also organises social events and co-ordinates the activities of volunteers. Please get in touch if you would like to help on match days.

## JUNIOR CARDS

A scheme with a range of activities for under 16s including stadium tours and competitions.

## PLAYER AWARD VOTES

## SUPPORTERS' LIAISON GROUP

**T**he wall offers personalised plaques to purchase that enable you to celebrate your favourite player, record your first match, or of course remember a loved one – it is very fitting that Andy Turner has pride of place on the top left plaque. Developed by the Supporters Liaison Group within The Cards Trust, this fundraising initiative will be used by the trust to fund improvements to the spectator experience at the ground, as well as contributing to Boost The Budget and other initiatives to support Woking FC.

You can find out more about how to get your own plaque by visiting <https://www.cardstrust.co.uk/fanwall> (simple login-free access) or by speaking to any Cards Trust official at the game today.

Anyone can purchase a plaque, you don't need to be a member of The Cards Trust, but please consider joining to actively support your club. This is also a great way for anyone who cannot get to The Laithwaite Community Stadium themselves to show their ongoing support for the club.

## SUPPORTERS LIASON GROUP (SLG)

# ACADEMY

**T**he Woking FC Academy has been operating in its current format for over a decade with the aim of helping talented young footballers make progress into the club's first team set up or in their sporting careers whilst continuing with their academic studies.

For the 2025/26 season, the youth and academy setup runs in three stages; a pre-academy for six to nine-year-olds, a youth academy for nine to 16-year-olds, and a full-time academy for talented young players above the age of 16, including an education plan.

The Academy works with the Football Club's partner charitable and community organisation, Cardinals in the Community (CITC).

Notable academy graduates in recent history include Woking legends Craig Ross and Joe McNerney, Wrexham's Ollie Palmer, and ex-Chelsea and now-Reading's Jayden Wareham.

## PRE-ACADEMY

The Pre-Academy is for the very youngest players, covering U7s, U8s and U9s. Meeting once a week, players train and learn in a fun and friendly environment under the watchful eye of our coaches. Players that show real talent have the opportunity to progress to Woking FC Academy Youth.

The Pre-Academy trains at The Winston Churchill School in Woking, Thursdays, 17:00 - 18:00.

## YOUTH ACADEMY

Starting with U9s and progressing through the age groups right up to U16s, players train with our Academy coaches and have the opportunity to play competitively in the Junior Premier League. Training is held twice weekly at CITC's sports hub, within the grounds of Woking College, and matches are played on Saturdays. At this level, players are able to continue playing for their grassroots clubs.

As with the main Academy, players receive a progress report twice per season, which helps identify areas of their game to work on and improve. U16s players are assessed throughout the season with a view to being invited to join Woking FC Academy.

## WOKING FC ACADEMY

Woking FC Academy is a National League licensed academy. We aim to develop each and every player to reach their full potential, instilling ambition and a professional attitude. We work as closely as possible to Category 3 Academy standards, creating a professional environment in which players thrive.

Players train 5-6 hours per week at CITC's sports hub. Their development is supported by video analysis of training and matches, group workshops and strength and conditioning sessions. One-to-one reviews are held twice every season, along with player reports so that both the coaching staff and the players themselves have a clear focus on individual development.

Woking FC Academy plays competitive matches in the U18 Isthmian League, U19 National League and also have the opportunity to play in U23 fixtures. Players in our Elite Development Plan (EDP) compete in the Tactic League and National B League. Cup competitions are a feature of the fixture calendar. Pre-season training includes friendlies and there are opportunities to travel abroad for football tours and tournaments, including the Gothia Cup.

Our football timetable is planned in conjunction with players' education. Academy players can

choose to attend Woking College or focus on gaining the NCFE Level 3 Extended Diploma in Sport, which is delivered by SCL Education at Westfield FC. Players on the EDP pathway study towards the NCFE Level 3 Extended Diploma in Sport (equivalent to 3 A levels) with SCL.
